Education:

1871 Innovation Labs | 1871 Tech Leaders Certificate | December 2024

Publications:

"How To Be A NoCode Creative" | Amazon Publishing | December 2024

Suggestions:

- Gain experience or training in PSSQL to fully meet job requirements.

- Emphasize relevant experiences such as roles at Craft The Future, Food FiXR, and i.c.stars in your resume summary and cover letter.

- Include the keyword 'PSSQL' in your resume, preferably in the context of a project or role where you used it.

- Remove or de-emphasize the 'Director of Communications at ETHChicago' role as it is not directly relevant to the Technical Business Analyst position.

- Reword your resume to directly match the language used in the job description for better ATS matching.
